Strike: sections 12 through 19 in their entirety

Insert: "Section 3. Section 20-9-630, MCA, is amended to read:
 "20-9-630. School district block grants. (1) (a) The office
of public instruction shall provide a block grant to each school
district based on the revenue received by each district in fiscal
year 2001 from vehicle taxes and fees, corporate license taxes
paid by financial institutions, aeronautics fees, state land
payments in lieu of taxes, and property tax reimbursements
pursuant to sections 167(1) through (5) and 169(6), Chapter 584,
Laws of 1999.

(b) Block grants must be calculated using the electronic reporting system that is used by the office of public instruction and school districts. The electronic reporting system must be used to allocate the block grant amount into each district's budget as an anticipated revenue source by fund.

- (c) With the exception of vehicle taxes and fees, the office of public instruction shall use the amount actually received from the sources listed in subsection (1)(a) in fiscal year 2001 in its calculation of the block grant for fiscal year 2002 budgeting purposes. For vehicle taxes and fees, the office of public instruction shall use 93.4% of the amount actually received in fiscal year 2001 in calculating the block grant for fiscal year 2002.
- (d) Beginning on July 1, 2007, the amounts calculated pursuant to this subsection (1) and adjusted for inflation pursuant to subsection (3) must be reduced to 40% of the amount received by a district in fiscal year 2007.
- (2) If the fiscal year 2003 appropriation provided in section 248(1), Chapter 574, Laws of 2001, is insufficient to fund the school district block grants in fiscal year 2003 at the fiscal year 2002 level, the office of public instruction shall prorate the block grants to meet the remaining appropriation. School districts shall anticipate the prorated block grant amounts provided by the office of public instruction in their budgets for fiscal year 2003.
- (3)(2) Each year, 70% of each district's block grant must be distributed in November and 30% of each district's block grant must be distributed in May at the same time that guaranteed tax base aid is distributed.
- $\frac{(4)}{(3)}$  (a) The block grant for the district general fund is equal to  $\frac{40\%}{00}$  of the average amount received in fiscal years 2002 and 2003 year 2007 by the district general fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year  $\frac{2004}{2009}$  and in each succeeding fiscal year.
- (b) The block grant for the district transportation fund is equal to one-half 40% of the average amount received in fiscal years 2002 and 2003 year 2007 by the district transportation fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 2009 and in each succeeding fiscal year.
- (c) (i) The combined fund block grant is equal to 40% of the average amount received in fiscal years 2002 and 2003 year 2007 by the district tuition, bus depreciation reserve, building reserve, nonoperating, and adult education funds from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 2009 and in each succeeding fiscal year.
- (ii) The school district may deposit the combined fund block grant into any budgeted fund of the district."
